A **Chevron** company product

PitPack® rack is the space efficient storage, display, and dispensing system that allows you to carry the products your customers demand.

Benefits to Your Customers

- Improves inventory turn.
- Helps improve cash flow.
- Allows you to carry more premium products in approximately half the space of the equivalent volume of litre cases.
- Uses 89% less plastic compared to 24x946ml bottles.
- Provides a bulk alternative for premium products where adding another tank or drum is not a viable option.
- Leaves less residual oil in the bag than the equivalent volume of 24 individual bottles.
- Removable drip trays on each bottle shelf provide easy clean up.
- Solid engineering to ensure safety and durability.
